KINOSCOPE

by Clément Léotard et Philippe Collin (2017 – France – 9')

Have you ever dreamed of travelling through world cinema, immersing yourself in its masterpieces? Kinoscope is lively and colourful VR experience, and an exciting way to discover the history of cinema.

*Prix francophone TV5 Monde - Paris Virtual Film Festival - 2017, Official selection - Short
Shorts Film Festival - 2018*

REVIVRE NOTRE DAME

by Chloé Rochereuil (2020 – France – 17')

A dive into the stunning architecture of Notre Dame cathedral before and after the tragic fire. On April 15, 2019, Notre-Dame cathedral in Paris caught fire. Today, Notre-Dame is not entirely saved, but still standing. Experience a unique and unprecedented immersion in the cathedral before and after the fire, narrated by those in charge of looking after the iconic monument.

DANS LA PEAU DE THOMAS PESQUET / BEING AN ASTRONAUT

by Pierre-Emmanuel Le Goff et Jürgen Hansen

- **Film 1:** The training (2018 – France – 15')
- **Film 2:** The mission (2018 – France – 15')

Thomas Pesquet invites us to share in his lifetime's dream of becoming an astronaut come true: from his training on Earth to his first spacewalk in the interstellar vacuum.
